COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop Issue Fee  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

The Applicant wishes to thank the Examiner for the allowance of the present application provided by the Notice of Allowance issued on September 26, 2005.

The Applicant wishes to clarify that the Reasons for Allowance may refer to just some of multiple features that distinguish the allowed claims over the references of record. For example, the Reasons for Allowance characterize one such feature as "modifying executable binary code of the ones of the original set of program segments to include an exception inducing code, the exception inducing code comprising executable binary code." This feature is recited in multiple claims in various scopes, which are in no way limited by the characterizations included in the Reasons for Allowance.

Thus, it is respectfully submitted that the characterization of the allowed claims, as set forth in the Notice of Allowability, provides a generalized characterization of the aforementioned claims, and therefore should not be interpreted as presenting an accurate interpretation of the scope of any of the respective allowed claims.

Favorable consideration of the present comments on the statement of reasons for allowance is respectfully requested.

Respectfully submitted,

By: Andrew D. Enfield
